## What is the VOICES Act?

The Voices of Immigrant Communities Empowering Act, also known as the VOICES Act, was recently amended by the Illinois Way Forward Act (Public Act 102-0234). The VOICES Act allows "victims of qualifying criminal activity" to request a "certification form" or a law enforcement certification form or statement required by federal immigration law certifying that a person is a victim of qualifying criminal activity for use in applying for a U-Visa or T-Visa under the United States Code.

## How long does it take to get a law enforcement certification response?

If the Certifying Official determines the requester of a U-Visa or T-Visa is a victim of qualifying criminal activity or human trafficking, the Certifying Official must complete the certification or declaration form and provide it to the requester within ninety (90) of receiving the request, except that if the person making the request is in federal immigration removal proceedings or detained, the Certifying Official must complete the certification or declaration form and provide it to the requester within twenty-one (21) business days. Reduced time limits are in place for requests in cases involving reduced federal benefits for children, parents, or siblings of the requester.
