

In collaboration with the Crawford County Board and local leaders

# Crawford County Community Involvement Meeting

Join us for our upcoming Community Involvement Meeting! We'll be tackling some important topics that are key to our community's future success. These meetings are held quarterly and aim to network and communicate common needs and resources across Crawford County.

**Topics will include countywide enterprise zone expansion, a big chance to boost our local economy, as well as infrastructure grant needs assessment to ensure our essential infrastructure gets the support it deserves.**

Your input is important in shaping these initiatives, so we hope to see you there!

**Tuesday, June 4th**
